Connie is one of the most creative people I've ever met. Her endless ideas have supplied my family with many future fun and easily doable activities! Connie is very approachable and it shows in her activity plans- the items she uses are often common household items, redefined. I always look forward to seeing her posts. She brings a new and exciting layer of life with kids!

— **Stacey Dimmler, toddler mom and business owner**

Connie is dependable and well organized. She is an incredibly hard worker who cares deeply about teaching and childhood education. My son loves that she is a good listener and that she remembers his interests and talks to him in a way that makes him feel important. I enjoy collaborating with Connie on short and long term projects because I know that she is reliable, thorough, and that she will always come through with fun, age appropriate activities.
